

GROUPE DE RECHERCHES SUR L'ANALYSE MULTIMODALE DE LA FONCTION CÉRÉBRALE

[Accueil](#) > [Communication](#) > [Mediation](#) > [EAS](#)

7TH EUROPEAN AUTUMN SCHOOL

News from 01-11-2019 to 08-11-2019

4-8 November 2019 at the Medical Faculty, 3 rue des Louvels Amiens, France.

The first objective is to bring basic knowledge and acquisition experience concerning near infrared spectroscopy.

The second objective is to precise the application domains of cerebral oxymetry in neonates after reviewing the basic principle of neonatal maturation.

The third objective is to go in deep in optical imaging in two situations: the benefit of optical imaging in (1) the analysis of language networks, (2) the analysis of epileptic networks.

Practical works will be held in each evening with the different systems available in the laboratory.

Free inscriptions.
